

Update for October 2021 - Christopher & Bela Singh

Just like 2020, this year 2021 is going so fast. It is hard to believe that we are now heading towards November and the end of 2021. Where have the days, weeks and months gone.

Covid seems to have taken over our lives in one way or the other. Both Bela and I were vaccinated and soon we will be getting our booster vaccine, that is the third dose. By God's grace we both and our families are safe and have not suffered with Covid. Thanks for your prayers for our health

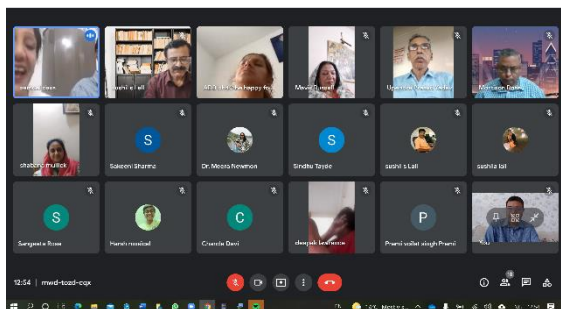

In August we got news from Delhi, India, that my mum fell down the stairs and broke her ankle. She suffered from multiple fractures and she was alone at home, but somehow she managed to get hold of her phone and contacted friends, who took her to hospital where she had surgery. She is now home with 24 hour care and the doctors have asked her not to stand or put any weight on her leg till December. She is finding it very hard and feeling emotionally very low. She would like me to go to India and be with her for some time. We need wisdom for this. Please pray for her and for us as we make the decision.

There have been some changes to WEC and that is going to affect us. This is to keep in line with the regulations of Charity and Mission organisations. Our WEC Director has tried to explain it in the attached letter, so please take time to read this letter to get a clear picture. No, we are not leaving the ministry, so we will need your continued support. In fact we will need more support now as you will read in the attached letter from the WEC Director.

This means that if you support us financially, your support need to channel through Stewardship (as suggested by WEC). You can also send us the funds directly through bank transfer. Please let us know if there is anything we can do to help you support us.

My ministry of daily devotional thought 'Fresh' is growing day by day and I am very encouraged with the response I get from the audience who receive it on 'Social Media' and on radio. Please continue to pray for this to bring many blessings to people who receive this daily.

I also have had many opportunities to preach using Zoom, as people receiving 'Fresh' get to know me and ask me to give Gospel message to their groups.

On the Media training front, I have been able to conduct a few training sessions online. These have been well received, but people are looking forward for me to travel and deliver the training 'Face to Face'. I have also been able to lead a group for a couple of International conferences, that also was done using Zoom platform.

On the family front, we have become grandparents, third time round on 27 September, as our daughter gave birth to a baby girl, Keziah Miriam and praise God that both mum and baby are doing well. Please pray for Keziah as she has cleft lip and palate and she will need a number of surgeries over coming months and years, but praise God that there is good care in 'Great Ormond Street Hospital for Children'.

We share our news to encourage you to know that your support is reaching so many with the Gospel. We can do more with your continued and increased support. Each moment you spend in prayer and each penny you send, it helps us to reach more people. Thanks for standing with us in serving Christ and spreading His kingdom in this world. We remain thankful to God and to you.
